Mark,

Please find attached the revised HASP for the Gold King Mine Spill response. There are two JHAs that are attached that go with it, and a certification page for Gina to use when people 'Mob In'.

Gina,

Please find attached the revised HASP, version 1.1 (to include the attachments with this e-mail), and a sign in sheet to show that incoming personnel have reviewed the HASP.

Good luck and thanks,

Great Thanks. As discussed, do you have any possible updates after the dated copy I have here which is 8/9/15 ?

Gina:

Please find attached the revised sign-off page for those command staff that need to review the HASP.

Also, please check to see if there is a box for new personnel to check off that they have reviewed the HASP when they mob in.

Thanks,
